

# Pakistani Community

## Disaster Recovery

### Emergency Plan

Plan last updated on: 25/05/2020

#### ABSTRACT

PAASA has developed this disaster recovery emergency plan with the help of Multicultural Communities Council of South Australia (MCCSA) for the Pakistani Community to identify the risks and likelihood associated with the possible disasters, its impact on the community and our response to mitigate those risks.

**BY: Adeel Sadiq, Amir Salim, Sahar Danish**

## List of Community Organisations

Following are some Pakistani community organisations in South Australia

- **APWA (Adelaide Pakistani Women Association)**  
[Adelaide.pwa@gmail.com](mailto:Adelaide.pwa@gmail.com)
- **PAASA (Pakistani Australian Association of South Australia)**  
[ec@paasa.org.au](mailto:ec@paasa.org.au)
- **PMASA (Pakistani Medical Association of South Australia)**  
[pakistanimedicalassociationsa@gmail.com](mailto:pakistanimedicalassociationsa@gmail.com)
- **MACSA (Muslim Australian Connections of SA)**  
[macsa@macsa.com.au](mailto:macsa@macsa.com.au)
- **PALF (Pakistani Australian Literary Forum)**  
[urdu@palf.org.au](mailto:urdu@palf.org.au)
- **SSA (Sindhi Sangat Australia) Adelaide**  
[President.sa@ssaus.org.au](mailto:President.sa@ssaus.org.au)

---

## Activation Triggers

### Adverse/Extreme weather

SES, BOM or other relevant authority warning alert for severe or higher intensity  
Community Messaging

### Earthquake

In case of the event

### Flood/Hurricanes

SES, BOM or other relevant authority warning alert for severe or higher intensity  
Community Messaging

### Terrorist attack

Warnings from Police, Government of SA, Federal Government or MFS of severe intensity or higher  
In case of the event

### Bushfire/wildfire

CFS warning of severe intensity or higher  
Community Messaging

### Transport/power failure

In the occurrence of the event (no warnings)  
Police or State Government severe or higher warnings.

### Pandemics

SAPOL, State Government SAHEALTH or other relevant authorities declare a Pandemic

### Travel network accidents

Air traffic restrictions to and from Pakistan to Australia,

### Food and water crises

State or Federal Government or other relevant authority declare Food or Water Crisis

### Chemical spill/CBRNE incident

Warnings or alerts from relevant authorities: MFS, SAPOL or State Government

## First Steps in an Emergency

Follow the instructions below when the plan is activated.

	Instructions	Tick
1	<i>Call 000 (unless already alerted)</i>	✓
2	<i>Ensure you are in no immediate danger</i>	✓
3	<i>Contact the Community Emergency Group and meet to discuss the management and how to proceed in the situation</i>	✓
4	According to the situation if it is suitable to respond to the person who contacted in case of emergency.	
5	If safe and appropriate assess the situation with the help of available resources, discuss the situation with the community groups and with local emergency responder to plan things accordingly.	
6	Call area leader to seek his advice and help (if no one contacted you)	
7	Identify the needs of individuals and the community according to the requirement of the situation	
8	Emergency meeting to make immediate plan to assign and divide the duties	
9	Assess the resources available which can be a source of support throughout emergency period	
10	Seek for the availability of volunteers and call for more volunteers in case of grand emergency	
11	Seek for financial and arrange fundraising events	
12	Seek for medical support and liaise with local community health practitioners and other para medical staff	
13	Regular monitoring the situation and assess progress to bring changes, addition and subtractions to the plan if required.	
14	Speak to the local emergency responders to keep informed about the situation and plan further things according to that.	
15	Regular meeting to the community emergency groups to discuss and plan further emergency measures.	
16	Ensure immediate action is taken to support the community.in every possible way.	
17	Ensure that all the sufferers had support, and no one is left unattended.	
18	Plan alternative measures if existing plan fails to work and find out other resources to bring change in the plan	
19	Make sure the emergency situation is over and things are under control.	
20	Call the volunteers to reassure the safety of the community members and regularly monitor the situation	
21	Consider the recovery options and contact the resources to implement that	

## Alternative Arrangements for Staying in Contact if Usual Communications Have Been Disrupted

- In person/door to door support with the help of community organisation.
- Support from local community council arranged by the specific member of community

---

organisation

- Support from Local Mosques arranged by the specific member of community organisation

## **Execution of Emergency Plan under COVID-19 Pandemic:**

PAASA has undertaken the following actions to support Pakistani community during COVID-19 emergency situation in the State,

- Disseminating COVID-19 updates as received from the department of health, department of human affairs and local government to the community through email and social media.
- Providing Urdu translation of COVID-19 facts sheet and government directives to the community for those who have limited understanding of English language.
- Arranged free community webinar on COVID-19 awareness with the help of PMASA
- Organised free community webinars on COVID-19 economic stimulus packages announced by the government.
- We are in contact with students and families who are affected by the situation to provide them necessary support in terms of food supply and medical assistance through community medical professionals.
- Supporting those who are undergoing psychological stress during these self-isolation period through community and personal support on different level.

## LIST OF AVAILABLE RESOURCES

The following will be regularly distributed to the community at proper time as Bushfire season, beginning of winter, beginning of hot season and whenever events will require.
